DDOT Launches the Cleveland Park Streetscape and Drainage Improvement Project Beginning March 21, 2022

(WASHINGTON, D.C.) – The District Department of Transportation (DDOT) will begin construction of The Cleveland Park Streetscape and Drainage Improvement Project, located along Connecticut Avenue, from Macomb Street NW to Porter Street NW on March 21, 2022. Construction duration will be approximately 20 months, completing in the fall of 2023. This project is designed to improve drainage throughout the project limit, improve pedestrian safety and implement several green infrastructure improvements.

The project will address the local recurring flooding problem near the Cleveland Park Metro Station and will improve and implement the following:

- Improve drainage along the project corridor
- Modify drainage structures
- Improve vehicular and pedestrian safety, access, and visibility
- Install necessary street furnishings
- Improve streetscapes along the Connecticut Avenue corridor
- Install native trees, permeable pavers, and tree boxes
- Install curb extensions, bicycle racks and trash cans
- Upgrade curb ramps to meet ADA standards

Information about the project including updates, traffic advisories and project documents can be found at <https://www.clevelandparkstreetscape.com/>.

For additional information on this project please contact:

Dawit Kebede, DDOT Project Manager
